

*You must not forget this fact. If you are successful in rendering selfless service to the world, certainly you will make progress in your spiritual life.*

*Shrii Shrii Ánandamúrti*

Namaskar all devotees of beloved Baba,

With great pleasure I extend my warm and hearty invitation to become a part of this upcoming Sectorial Conference 2017 of Berlin Sector, AMPS, in Madhu Karuna, Wendelsheim, Germany. Since the physical facilities have been upgraded in the past years, the conferences have magically inspired and left those who attended them with unforgettable experiences. There prevailed a blissful spiritual atmosphere to pursue and deepen personal practices, along with long kiirtanas, presentations and workshops on different organizational activities.

The theme for this year is 'Progress and Service' – As our beloved Baba has clearly emphasized that without spiritual progress there can't be progress in psychic and physical spheres – essential ingredients for the rebuilding a new society congenial for humans and rest of the creation for healthy and harmonious growth. And also service is an inseparable part of spiritual practices – with the spirit 'service to the creation is service to God'.

Therefore this year the conference is designed centering the theme and the objective, so that the devotees can return home and remain charged with incessant spiritual and devotional flow for months to come. Moreover, it is your program and your mission. Thus your presence will indeed add to its beauty.

Ac. Shubhatmananda Avt.,  
SS Berlin
